[jainkarishma76@gmail.com](mailto:jainkarishma76@gmail.com) | [www.karishma.dev](http://www.karishma.dev)

Software Engineer with **3+ years of experience** delivering high-performance web and mobile applications that drive business growth. **Independently managed multiple concurrent projects** from concept to deployment while maintaining 100% client satisfaction. Demonstrated expertise in React Native mobile development, performance optimisation, and creating offline-capable applications. Strong remote work experience with proven ability to self-manage and deliver complex projects ahead of schedule.

## SKILLS

### Technical Expertise

- **Frontend:** React.js, Next.js, TypeScript, JavaScript, Redux
- **Mobile:** React Native, Firebase, iOS/Android deployment
- **Backend:** Node.js, Express.js, MongoDB, PostgreSQL, GraphQL, Prisma
- **Cloud & DevOps:** AWS, Docker, Kubernetes, CI/CD
- **System Design:** Microservices, load balancing, distributed systems
- **Tools:** Git, Jest, Redis, Jira, Slack

### Soft Skills:

Problem-solving, Fast learning, Communication, Time management, Mentoring, Client relationship management, Attention to detail, Independent work, Team collaboration, Agile

## PROFESSIONAL EXPERIENCE

### Software Developer, CreativeScript | Part-time

Mar 2024 - Present

- Developed and maintained **15+ projects** across web and mobile platforms using **Next.js, Redux, and React Native**
- Translated Figma designs into **pixel-perfect, responsive UIs** for dashboards, CRM systems, and mobile applications
- Built a complete **mobile app MVP in two months** using React Native that streamlined client operations
- Created reusable UI components and managed state with Redux, reducing development time by 25% across projects

### UI Developer, Aigital Technologies Pvt. Ltd. | Full-time

Sep 2023 - May 2025

- Led end-to-end development of multiple web platforms, including an **e-commerce marketplace and CRM system**
- Built an **offline-capable CRM** that allowed sales reps to process orders without internet connectivity, contributing to a **25% increase in sales efficiency**
- **Implemented mobile app CI/CD pipeline** using Fastlane across development, staging, and production environments, reducing deployment time by 60%
- Mentored junior developers on frontend best practices, improving team productivity by 40%
- **Improved website performance by 70%** through code optimisation, caching implementation, and asset minification
- Designed and developed marketing email templates that improved campaign open rates by 15%
- Coordinated effectively with distributed teams across multiple time zones

## Frontend Developer, Independent

Jan 2023 - Sep 2023

- Delivered web development projects through Upwork and LinkedIn with a **100% client satisfaction rate**

## Frontend Developer, CreativeScript

Apr 2022 - Nov 2022

- Developed frontend components for e-commerce marketplace using JSP, Bootstrap, jQuery, and React

## PROJECTS

---

### LandingPill, CreativeScript

- Developed frontend components for a SaaS platform helping founders and marketers optimise landing pages for better conversions
- **Implemented Redux state management** to handle complex user flows and multi-step analysis processes
- Link: <https://landingpill.com/>

### Estu, CreativeScript

- **Architected and developed multiple interconnected CRM applications** from scratch for a financial technology company focused on student life management
- Created admin dashboards for managing student profiles, student deals, etc.
- **Built a reusable component library** that accelerated development across multiple related applications
- Collaborated closely with the backend team to design efficient API contracts.
- Link: <https://www.estulife.com/>

### Mobile Application MVP | Konster, CreativeScript

- **Single-handedly delivered a service marketplace mobile app in 2 months** where customers can browse, request, and hire contractors.
- Integrated Firebase (notifications/analytics), Stripe payment processing, and WebSocket real-time chat
- Conducted comprehensive testing across multiple device types and screen sizes
- Link: <https://konster.tech/en>

## EDUCATION

---

### Bachelor of Science in Computer Science (Honors)

#### BITS Pilani

- Specialising in Artificial Intelligence with Honours

### CS50x: Introduction to Computer Science

#### Harvard University

- Completed comprehensive curriculum covering C, Python, SQL, data structures, algorithms, and web development fundamentals
