KARISHMA GARG

UI developer

https://karishma.dev

EXPERIENCE

JAN 2023 - PRESENT

Aigital Technologies Private Limited

Lead UI Developer

I single-handedly developed successful e-commerce websites using JSP, JavaScript, and Less, led the UI team, optimized website performance and SEO, integrated Google Analytics to monitor traffic, and designed email templates for better communication with customers.

Frontend Developer (Freelance)

I started working while studying, and once my school got completed I converted to full time.

MAY 2022 - NOV 2022 (7 MOS)

CreativeScript

Frontend Developer (Freelance)

Implemented best industry practices to develop an e-commerce website's front-end using JSP, JS, and LESS. Converted Figma designs to code.
